

LEONI Bulgaria gifted books to the Clinic of Nephrology

Pleven, 10 March 2023 – Some classic books by renown Bulgarian and foreign authors including Elin Pelin, Chudomir, Aleko Konstantinov, Yordan Radichkov, John Grisham, Agatha Christie and Branislav Nushic were brought by [LEONI Bulgaria](#) to the Nephrology and Dialysis Clinics in Pleven.

The idea had arisen spontaneously in the eve of the World Day of Kidney which is traditionally marked in the first month of the spring; and purpose is to enable people undergoing hemodialysis procedures to read until procedures are run, should they wish to. The books were handled to prof. Dr. Vassil Todorov, head of the clinics.

Plant manager Andrey Kosoukhov commented on the idea: “I think tht small gestures of empathy and respect are important not only in our work but in our daily life. Books could be precious friends in may life circumstances and wisdom they bring often survives the test of time”.

[About the Leoni Group](#)

Leoni is a global provider of products, solutions and services for energy and data management in the automotive industry. The value chain ranges from standardized cables and special and data cables to highly complex wiring systems and related components, from development to production. As an innovation partner with distinctive development and systems expertise, Leoni supports its customers on the path to increasingly sustainable and connected mobility concepts, from autonomous driving to alternative drives as well as charging systems. To this end, Leoni is developing next-generation cable solutions and wiring systems that reduce complexity and enable higher levels of automation, for example through zonal architecture. The market-listed group of companies employs about 100,000 people in 28 countries and generated consolidated sales of EUR 5.1 billion in 2021.
